Dear The Federal Communications Commission,

I oppose the "flat fee" tax increase that will unfairly raise my phone bills!

Under the flat fee or numbers-based plan you are considering, people like me who make few long distance calls would pay the same as people or businesses that make many calls. I believe it would be unfair to charge low-volume and residential customers the same fees as high-volume residential or business customers.

Gas and groceries are high enough I don't need this!

Sincerely, Melody Griffith

Sincerely,
